

### \$15,000 Road Bond Money

C. V. Stafford, private secretary to Senator A. B. Fall, was in the city Wednesday arranging for the distribution of the road bond money from the sale of the bonds. The deal for the sale of the bonds has been practically consummated and each county road board are required to put up a small sum in order to complete the negotiations. It was for the purpose of obtaining this money, amounting to something like \$300.00 that Mr. Stafford was here. The amount of money to which Curry County will fall heir for the improvement of the roads is \$15,000.00. If this sum is intelligently and judiciously expended, the county which now enjoys the distinction of having the best natural roads in the state, will have the BEST roads in the state. The roads through the sand hills to the south, between Clovis and Portales can be made passable. The roads across the ravines to the north can be worked so that the farmers will be able to haul their grain crops to town over the best kind of highways. Fred W. James, Dr. Lynch and

W. I. Luikart are members of the Curry County road board. A road will be built from Texico to Melrose; from Field to Clovis; from Grady to Clovis and from Hollene to Clovis. The money will be available July 10.

All roads lead to Clovis, both wagon and railroad. Now that the road bonds will be sold, Curry County will soon be able to spend over fifteen thousand dollars in road improvement. The farmers will be able to bring their grain to market without complaining of the condition of the roads. A Raton dispatch to the Santa Fe New Mexican says that the Santa Fe Railroad will build a new line from Des Moines New Mexico to Clovis to give a southern outlet to their new coal road in northern New Mexico, the Swastica line, which taps the great coal fields in Colfax county in the northern part of the state. All roads lead to Clovis.

Rev. J. R. Carver the Presbyterian minister, of Fort Sumner, was in the city several days the first of the week.

### Local and Personal

Herschel Downing, of Melrose, was a Clovis visitor Tuesday.

G. W. Singleton is erecting a nice bungalow on Rancher Street.

N. J. Wyatt, one of the pioneer Curry County farmers, was in the city after supplies Saturday.

J. J. Spurlin and family, who reside on a half section tract northwest of Clovis, were in town Saturday.

W. U. and Charles Dannelley and wife were in town Saturday mingling with the crowds. They have a big ranch north of Clovis.

**Iron Clad Hosiery, the very best. A. J. Rhodes.**

Harry Springfield has bought the Mission Pool Hall from Mr. Dillon and will now be the sole proprietor of the three pool halls here.

W. H. Duckworth and Howard Dennis are among the number recently accused of breaking the speed ordinance. It doesn't take much speed to exceed 12 miles an hour.

Ira Gibbs has returned from Ft Smith, Arkansas, and has again located on his farm five miles northeast of town. Gibbs says that he is going to stay this time.

Wm. Byrnes, a prominent farmer and stock raiser, of near Havener, was in the city mixing with the rest of the country folk Saturday.

Miss Mayme Lyons, of Amarillo, with Miss O'Neil as guest, who have been visiting Mrs. Mary Lyons and family at the Antlers for the past week, returned Tuesday.

A fishing party composed of J. C. Nelson and family and Fred W. James and son, went to Hereford Wednesday returning Sunday. They report a splendid outing and caught over three hundred fish.

Dr. Miller, chief physician and surgeon at the Santa Fe hospital, returned from Clinton Iowa Wednesday. He was accompanied by his wife and sister. Dr. S. G. Von Almen, who was in charge at the hospital during his absence, expects to leave soon for Albuquerque.

Luist. Sanford, son of Rev. D. A. Sanford, pastor of the Episcopal church, is here visiting his parents. He is from T'Sing-Sing, China, and has been with the 15th regiment of infantry stationed in China. He left that Country in May, the greater portion of the time being consumed in the voyage. He will be transferred to the 16th Regiment at El Paso.
